Orpheum!

THE HOME OF REAL ENTERTAINMENT

FRIDAY and SATURDAY—

BUSTER KEATON

— IN —

"The Cameraman"

Buster has a camera, but what he doesn't know about it would make even the "little birdie" laugh. He gets into more darn trouble than you can shake a tripod at, from filming bathing beauties to getting caught in a Chinatown long war. It's a howl! Yes, everything goes wrong—but try and stop laughing!

NEXT WEEK'S PICTURES

MONDAY ONLY—

Reginald Denny and Alice Day

— IN —

"Red Hot Speed"

A merry, rollicking tale of motor trouble and heart trouble. He haled her into court for breaking the speed laws—and then courted her for breaking his heart. Just see it, you'll enjoy it!

TUESDAY ONLY—

"Square Shoulders"

WITH

Junior Coghlan and Louis Wolheim

See this thrilling picture of paternal devotion—touching and amazing. Live again the sweetest memories of your life in scenes filled with the spirit and zest of youth and adventure.

WEDNESDAY and THURSDAY—

"Outcast"

— FEATURING —

Corinne Griffith - Edmund Lowe - Louise Fazenda

Great Picture - All-Star Cast - Great Drama

FOR A REAL ENTERTAINMENT

The Orpheum is the Place to go

BODY OF TONY

NICHOLAS RECOVERED

The body of Tony Nicholas, one of the two victims of an accident at Lundbreck Falls on the evening of Sunday, May 26th, was recovered by Vince Rusicka from the river at a point about three miles east of the scene of the accident on Sunday last.

The body when found was in an advanced stage of decomposition.

The remains were brought to Blairmore by the Crow's Nest Undertaking Parlor, and later to the home at Coleman, and interment took place on Tuesday forenoon, funeral service being held at Holy Ghost church.

The Nicholas boy was twenty-one years of age, and the eldest son of Mr. and Mrs. Charles Nicholas, well known dry goods merchant.

KEEP JULY FIRST DATE OPEN

Watch our next issue for full programme of the 1st of July sports, to be held in Blairmore. Entries for the various events are coming in. We understand there will be three or four teams taking part in the baseball tournament, and that Hillcrest and Bellevue teams will compete at football. Competition in the five-mile marathon will no doubt be keen, as a number of entries are already in the hands of the secretary. The West Canadian Collieries' silver band will be in attendance all day. At night the big Elks' carnival-bazaar at the arena will no doubt be the big attraction, for in addition to the noise of the fair, a jitney dance will be in progress.

CONSOLIDATED GETTING READY

Supt. E. Montgomery, of the Consolidated Mines at Kimberley, was a Blairmore visitor on Thursday. He was in the city in connection with the preliminary work in opening the phosphate beds at Fernie and Crow's Nest. The company, we understand, will at once spend \$4000 on a new road to their property at Cedar Valley and several buildings will be erected for housing the men at the mines. It will take considerable time and a lot of money to get the properties owned by the company in this district in shape for production.

It will be some time yet before a big demand for the finished fertilizer is created, but the Consolidated Mining Company management is convinced that this market is a certainty and are going right ahead both at Trail, where the work of manufacture will be conducted for the present, and at Crow's Nest and Cedar Valley, where the wonderful deposits of the raw material exist.—Fernie Free Press.

The third issue of "The Triangle," published by the Bellevue High School Literary Society, has just come off. The Enterprise praises "The Triangle" is a neat little magazine of twenty-eight pages, is well edited and brimful of rhetoric, sport and humor.

Kid Holland has signed up to fight Jack Marsh, who won the light-heavyweight championship of Saskatchewan, in a ten-round bout at Wainwright on July 1st. The bout is being staged under the auspices of the B.P.O.E.

Sale of Home Cooking

Under the Auspices of

VIMY CHAPTER, O.E.S.

WILL BE HELD IN THE

BLAIRMORE HARDWARE (Western) STORE

— ON —

Saturday, June 22nd

— From 3 to 6 p.m. —

BAND CONCERT SUNDAY NIGHT

The West Canadian Collieries' silver band will give a concert at the Orpheum Theatre on Sunday night, commencing at 8.45 sharp. A collection will be taken to help defray expenses.

This band is one of the twenty-five or more that will compete at the Calgary Stampede next month. The cost of the trip will be considerable and financial support is required.

MASONIC GRAND

LODGE OFFICERS

Following are the officers as elected at the recent session of the Alberta Grand Lodge, A. F. & A. M., at Calgary:

Grand master, Rev. Canon S. H. Middleton, Cardston; deputy grand master, Dr. G. M. Snedden, Edmonton; grand senior warden, Rev. Dr. G. W. Kerby, Calgary; grand junior warden, G. M. Blackstock, Medicine Hat; grand chaplain, Rev. W. T. H. Cripps, Calgary; grand treasurer, T. Sharpe, Calgary; grand secretary, J. H. W. S. Kinnis, Calgary; grand registrar, W. H. Chappell, Blairmore; grand Tyler, P. Fielding, Mannville.

ALL IS IN READINESS

FOR JULY 1st SPORTS

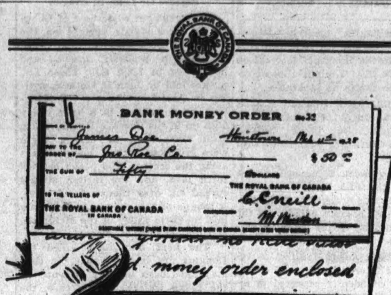

The committees in charge of arrangements for the big field day to be held in Blairmore on July 1st, report that the entire programme has been arranged and will be issued in the course of the next few days.

No stone will be left unturned to make the day the biggest and best in the history of the Crow's Nest Pass. The main features will include baseball and football tournaments, and a five-mile marathon, for which the Pinkney Cup will be contested. In addition to the cup, first, second and third prizes will be awarded. Prizes aggregating in value \$125.00 will be offered for baseball, and \$75.00 value for football. The greasy pig and greasy pole will also be features.

FIRST PASSENGER TRAIN

Seventy-six years ago on May 16th at 8 o'clock in the morning, the first passenger railway train to run in Canada, pulled out of the old station nearly opposite the Queen's hotel on Front Street, Toronto, and made its initial trip to Aurora, Ontario. Up to that time the only form of transportation was the old horse-drawn stage coach and the covered wagon. The train consisted of a 24-ton engine with 5-foot driving wheels and a 11 by 20 cylinder, a box car and a passenger car. Alderman John Harvie was the conductor and passengers had to purchase their tickets from him on the train. The fare was \$1.00 each way. The journey occupied two hours. The engine drawing the train was named "Lady Elgin" after the wife of the governor-general.

The Nationalists, under Premier J. B. Hertzog, were victorious in the South African elections last week. The standing of the parties is as follows: Nationalists 69, South African 59, Cresswell Laborite 13, and South African party 54. A redistribution bill, passed by the last parliament, increased the representation from 135 to 148 seats.

"Money Order Enclosed"

FOR safety and convenience in sending money by mail anywhere in Canada, the United States or the British Isles, use Royal Bank Money Orders. They may be obtained at any branch of this Bank and are issued payable in either dollars or pounds.

NOTICE OF PREPARATION OF ASSESSMENT ROLL

TOWN OF BLAIRMORE ASSESSMENT ROLL, 1929

NOTICE IS HEREBY GIVEN that the Assessment Roll of the Town of Blairmore for the year 1929 has been prepared and is now open for inspection at the office of the secretary-treasurer of the Town, from ten o'clock in the forenoon to four o'clock in the afternoon on every day which is not a public holiday, except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessment of any property or to the assessed value thereof upon any property, must with a written complaint in writing with the secretary-treasurer of the Town.

Dated this 7th day of June, 1929.
ARTHUR J. KELLY,
Secretary-Treasurer.

N.B.—Assessment slips will not be mailed in 1929. The assessment roll of 1928 has been adopted. Sect. 304, The Town Act, 1927.

Because "Catching the greasy pig" is to be one of the big and interesting contests here on July 1st, Val has decided to change his physical appearance. To accomplish this, he is dieting and his average lunch consists of a half-laid egg and two sardines. Val has lost ten pounds weight in the last two hours, and there is not the slightest chance of him being grabbed by mistake on July 1st.

Carl Carlson and family have again taken up residence here, after a couple of years' absence.

WORLD HAPPENINGS
BRIEFLY TOLD

Newfoundland's recently authorized \$4,000,000 five per cent. loan was awarded to the Bank of Montreal on a bid of 94.25. The government regarded the terms as favorable.

Prince Charles, second son of King Albert, was fined 100 francs (about \$4), for not voting in the Belgian provincial election in accordance with Belgian law.

Caught between a conveyor and a mixer in the Flin Flon mine plant, Jacob Holt was dragged to his death. His clothing became caught in the bucket carrying device when he was working about the machine.

Some early moves looking to reduction of international naval armament are confidently expected in informed circles at Washington, to be made by the United States and Great Britain.

The Ontario Government's agreement with the Federal government on old age pensions was formally signed by Premier G. Howard Ferguson, and Hon. Peter Heenan, federal minister of labor. The act becomes operative November 1.

One of the largest diamonds found in the South African fields was recently brought to Kimberley from Barkley West for valuation. It weighed thirty-three and one quarter carats and sold for \$13,300. This is believed to be a record price per carat—\$400.

Baking tests of grain, wheat, shortly are to be carried out in the United Kingdom, and will be observed by L. H. Newman, Dominion cerealist, who leaves from Montreal, on the Montrose, Mr. Newman may also go to Hamburg and other European grain markets.

Channel Tunnel Plan Favored

Would Help To Solve Unemployment Problem In Britain

Construction of a tunnel under the English Channel to connect England and France by rail is one of the schemes which Rt. Hon. J. H. Thomas has his eye on in connection with his plan to solve the British unemployment problem. Mr. Thomas has been delegated by the new premier, Rt. Hon. J. Ramsay MacDonald, to direct the new Labor government's work in dealing with the unemployment situation.

He is organizing a new government department of employment and is obtaining reports on a number of projects which might supply work for some of the men now unemployed as a preliminary to calling in experts from all the government departments.

With the aid of the experts he hopes to frame definite plans for road-building, housing development and railway reconstruction. At the same time he is not to forget emigration and the development of the Empire and the part they may be made to play in reducing the army of unemployed.

Products Of Canada's Farms

The four leading items in the total agricultural production of Canada in 1928, valued in all at \$1,730,304,000 are: Field crops, \$1,099,781,000; dairy products, \$250,000,000; farm animals, \$197,880,000; and poultry and eggs, \$108,643,000. Last year was the first year for poultry and eggs to exceed \$100,000,000 in value. Since 1923 these have increased in value from \$62,000,000. Value of farm animals in five years has advanced \$72,000,000.

Most Obedient

Mamma: "And were you a nice boy at the party?"

Bobby: "Yes mamma."

Mamma: "You didn't ask twice for anything at the table, did you?"

Bobby: "No, I didn't, I asked once, and they didn't hear me, so I just helped myself."

"What has happened to you? Shall I take you home to your wife?"

Thanks—I have just come from there.—Buen Humor, Madrid.

W. N. U., 1790

A Forest Of 2,000 B.C.

Ancient Douglas Fir Standing At Bottom Of Lake In Oregon

An unexplored wilderness of Douglas fir trees stands upright on the bottom of Clear Lake, in Linn County, Oregon—probably green and flourishing in 2,000 B.C. These trees, we are told by John D. Guthrie, writing in *American Forests* (Washington), were growing in a little valley high up in the Cascade Range, when, about 2,000 B.C., or before, there were eruptions from many peaks along the crest. The peaks pushed north lava, and the molten stream spread out over thousands of acres. A tongue of this flow must have run into the little valley of the McKenna, and almost filled it. Then—

The heat may have killed the Douglas fir in the valley, or they may have been literally drowned by the rising waters. In any case, the river gradually filled the little valley above the lava dam, submerging the fir trees, and formed a lake about a mile long.

The Douglas fir trees are still standing on the bottom of the lake. The waters are the color of any of the Cascade's lakes, and crystal-blue, so that the bottom, shining white with the volcanic ash of long ago, seems but a few feet below you. With the air excluded, these old trees have been perfectly preserved through all these centuries, and today the wood is readily identified. It is as sound as ever, with no breaking down in its woody tissues, while even, nor any evidence of infestation of any kind.—Literary Digest.

To Protect Civilians

International Red Cross Commission Will Start World-Wide Propaganda

A world-wide campaign for the protection of civilian populations against the future possibilities of aerial and chemical warfare is to be inaugurated soon by the International Red Cross Commission. The movement will take two forms—world-wide propaganda to acquaint civil populations with the dangers of aerial and chemical warfare and world-wide competitions for the perfection of new means of defense against such attacks.

SLENDER TYPE

You'll be attracted by its simple sophisticated lines—with V-neckline and lower edge of bodice at waistline shirred with bow trimming. It adapts itself beautifully to the season's newest fabrics in printed silk crepe, plain silk crepe, printed rayon, crepe satin, crepe de chine, rayon printed voile, handkerchief linen, printed plaid, gingham check in cotton or silk crepe, georgette crepe, and caftan-fabric crepe. Style No. 462 is designed in sizes 16, 18, 20 years, 26, 38, 40 and 42 inches bust. It is made with 1 1/2 yards of 40-inch material with 3/4 yard of 36-inch contrasting in the 36-inch size. Just two major parts to pattern, which means practically only side and shoulder seams to join. Price 25 cents. Wrap collar carefully.

We suggest that when you send for this pattern, you enclose 10 cents additional for a copy of our Spring Fashion Magazine. It's just filled with delightful fashioning smart ensembles, and cute designs for the kiddies.

Recipes For This Week

(By Betty Barclay)

OATMEAL DROP CAKES

- 3/4 cup butter.
- 1 cup sugar.
- 2 eggs.
- 3/4 cup milk.
- 2 cups rolled oats.
- 2 1/2 cups flour.
- 1 teaspoon baking powder.
- 1/4 teaspoon salt.
- 1 teaspoon cinnamon.
- 1 teaspoon nutmeg.
- 1 cup chopped seeded raisins.

Cream butter, add sugar, eggs well beaten, milk and rolled oats. Mix and stir dry ingredients. Add flour mixture to first mixture, thoroughly mix. Drop by spoonfuls on a greased baking pan and bake in a rather hot oven. This makes 32 to 36 cookies.

NEW YORK SALAD

- 4 slices pineapple.
- 1/4 cup celery.
- 1/4 cup nuts chopped.
- 2 oranges.
- Cream mayonnaise.
- Lettuce.

Arrange slices of pineapple on nests of lettuce leaves. Cut celery in slender strips, one and one-half inches long, and mix with nut meats. Pile in centre of pineapple, and garnish with four sections of orange, free from membrane, laid symmetrically on pineapple. Pass dressing separately.

'Talkie' Novels Now

People Can Enjoy Book Without Trouble Of Reading It
Talkie novels have come as the natural sequence to talkie movies.

The first talkie novel is a story "Artaban" by Andre Cayatte, and has been put up in a series of phonograph records, each record containing a chapter. The story is related by the author.

Several others are in preparation, but the plan has been championed by us men and women to recite the lines of the characters of the novel, to do away with "says she" and "says he."

Editors of the talkie novels predict a great future, principally because it will now be possible to enjoy a book without even the effort of turning every page.

New Yorks Are Common

Americans may believe there is only one New York, but England has three and Scotland one. England recently claimed a New York in Kent, Lincolnshire and Northumberland counties and immediately all good Scotchmen pointed to their New York on the western shores of Loch Awe.

Offered High Position

Clarence Chamberlain, trans-Atlantic flyer, wants a young woman secretary who will do her stenographic stuff in the air. He is willing to "iron out" the bumps and make the work as pleasant as possible. His frequent and long-distance flights, he says, necessitate the engagement of an air secretary.

SUNDAY SCHOOL LESSON

JUNE 23

PSALM OF PRAISE

Golden Text: "Bless Jehovah, O my soul."—Psalm 103:1.

Lesson: Psalm 103:1-22.

Devotional Reading: Psalm 107:23-31.

Explanations and Comments

Gratitude and Praise. For God's mercies, verse 1-5. "Bless Jehovah, O my soul"; thus the Psalmist addresses himself. "The Semitic languages have no word for 'self.' If the Syriac has to render 'a kingdom divided against itself,' it says 'a kingdom divided against its soul.' If it has to render 'ourselves' it must needs say 'your souls.' And all that is within me—my whole self, my whole being, all my faculties and powers—bless His holy name. As we have often noted, 'name' stands for person; bless Him who is holy."

"It takes all there is of a man to praise and worship God adequately. Half-hearted praise is quite as much out of place as half-hearted devotion to one's family or country."

Bless Jehovah, O my soul, and forget not all His benefits. Forget none of them: take none of them for granted. How often is our forgetfulness the cause of ingratitude!

"I believe thanksgiving to be a greater mark of holiness than any other part of worship."—Meadell.

In the two clauses of verse 3 and in the first clause of verse 4, Professor Drummond notes in the last part of each, three facts of similarity—the guilt of sin, the stain of sin, and the power of sin; and in the first part of each, three facts of salvation—forgiveness, healing, and redemption. Who forgets all these things, thy crookedness, thy sin, thy iniquities, thy all thy diseases.

He has not the recuperative power of nature. God's own healing touch? Had He not endowed our bodies with that power, how could we recover from accident and sickness, no bone would ever set, no wound ever close, no patient ever recover. And so, in this deeper malady of the soul.—W. L. Watkinson.

Remember thy life (thyself), from destruction. Destruction, or the pit, Revised Version. "It stands for Sheol, which is here pictured as claiming the Psalmist when on the point of dying; but Jehovah paid, as it were, the ransom and so brought him back to health and life. 'Redemption' or 'ransom' is here used figuratively."—T. W. Davies. Who crowneth thee with lovingkindness and tender mercies.

"God's goodness is not like the beamer's sometimes high, sometimes low, sometimes doubtful. It is the constant quality on which we can ever rely."

Who satisfieth thy desire with good things, so that thy youth is renewed like the eagle. "Make thee young and lusty as an eagle."—Coverdale. The eagle is selected as "the fittest image of strength and vigour."—Psalms are provided for after this royal fashion preserve their brightness and, by their freshness, the change of the influences of the years, and every day God imparts a new freshness to their lives.—Thomas Phillips. Compare Isaiah 40:31.

"I believe that God forgives all my iniquities, heals all my diseases, redeems my life from destruction, crowns me with lovingkindness and tender mercies, and fills my youth with good so that my youth is renewed like the eagle, not because I read the story of this experience in the Psalms, but because I experience it in my own life; but perhaps I have not fully experienced it. It is my own life if I had not first read it in the Psalms."—Lynan Abbott.

Opportunity for
British Traders

Canada Offers Good Market For Empire Made Goods

The first bulk of Canadian imports come from the United States, a nation which has pursued a consistently selfish, if not hostile, tariff course toward this country. Sentiment in Canada is strongly in favor of the purchase of British goods rather than American. The opportunity is here for British traders to capitalize on this sentiment. To do so, they must take a last cut of the American's goods. They must send representatives here to get into close touch with Canadian conditions and market requirements. More vigorous merchandising methods are essential. The appointment of an agent in Montreal or Toronto to look after the entire Canadian market is an absolute arrangement. There must be more vigorous commercial penetration and the results will justify the cost. (Calgary Herald.)

Phosphates For Fertilizers

Manufacture Of Fertilizers On A Large Scale To Be Carried On In B. C.

The vast deposits of phosphate in British Columbia, to be converted into fertilizer by the Consolidated Mining and Smelting Company, will save the wheat "hunger" parts of the grain belt in Western Canada, said C. C. Gault, of Victoria, former member of the Canadian Grain Commission, the other day. "The ally," he said, "The manufacture of fertilizer on a large scale will be the greatest salvation the western provinces have ever known. It will cause an increased yield, no earlier harvest, closer settlement and bring a reduction of taxes."

A Large Order

Mrs. High-Tighty: "And these are all the vacuum cleaners you have?"

Dealer: "Yes, madam. I have shown you all we carry."

Mrs. High-Tighty: "Well, I'm afraid they won't suit. I want one from the Louis XV. period to match my antiques."

"Nurse," said an amorous patient, "I'm in love with you. I don't want to get well."

"Cheer up, you won't," she assured him. "The doctor's in love with me, too, and he saw you kiss me this morning."

Bill: "With who was your wife quarrelling last night?"

Albert: "Oh—er—she was scolding the dog."

Bill: "Forbear—I heard her swear to get well."

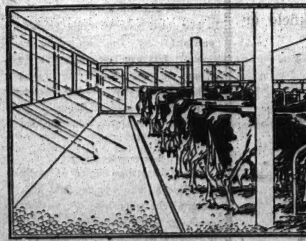

Albert: "Forbear—I heard her swear to get well."

A lot of people would have fewer troubles if they would think less about the injustices of life and work more.

WINDOLITE The Improved
Glass Substitute

MADE IN ENGLAND

COMES WITH A MESSAGE OF HEALTH

WINDOLITE stands for 100 per cent. sunlight. It makes light strong windows for cattle sheds, dairy stables, poultry houses, brooders and all out buildings. It keeps out cold, will not crack or chip—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but is one wide of 36 inches only. A square yard of WINDOLITE weighs about 14 ozs. while a square yard of glass of ordinary thickness, weighs about 135 to 140 ozs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price \$1.50 Per Square Yard, f.o.b., Toronto.

Good Blue Ribbon Tea

Only choice leaves grown at high altitudes go into the blending of Blue Ribbon Tea. That is why its flavor is so uniformly excellent. Insist upon testing it from your grocer—refuse substitutes of inferior quality.

The Desert Song

BY VIRGINIA MOHR
Copyright 1929 Warner Bros. Pictures, Inc.

CHAPTER V.—Continued.

An hour later the Red Shadow received from his host the advice that the French girl was alone in the upper chamber. He found this room to be a gorgeous apartment lighted by great oriental lamps that burned live coals and suffused a weird effect. Margot was sitting on a low silk couch. Her dusty riding habit had been exchanged for a nimble chiffon skirt that revealed every line of her alluring body. A narrow pearl bodice took the place of a waist and her bare arms were bracketed with broad bands of precious stones. She was far more beautiful in eastern garb than the Red Shadow had ever seen her before.

"Why did you bring me here?" was Margot's first question when the Red Shadow entered. She arose from the couch and stood in a defiant attitude.

"Why?" he replied. "To teach you to love me—anybody that you could give up home and friends. Call it a mad dream, but mad as it is I'm willing to risk my whole future to make it come true!"

"Leave love out of it," she answered. "I hate you! I love Paul!"

But the Red Shadow knew better. With a final politeness, he told her, "You do not love him! Come to me!"

His persuasiveness had not won her, for she shrank from him. "Tell me one good reason why you will not," he insisted.

"Why there . . . there are many!"

"Give me one!"

"Why I love . . . I love Pierre Birabeau. I know that I do. Once I dreamed of romance and adventure, but I've had enough of it. I want the quiet life that Pierre planned for me!"

The Red Shadow made an impulsive attempt to take her in his arms, but before he could do so the door burst open and All Ben Ali entered—followed by General Birabeau!

The Shik motioned to them, "Believe me, I wish to prove myself a friend of the French. You see my people are innocent. He stole her!"

"I know nothing!"

The Rifts along with All Ben Ali's men, now crowded into the room. General Birabeau turned to the own-

"HELPED ME WONDERFULLY!"

Woman Strengthened by Taking Lydia E. Pinkham's Vegetable Compound

Port Colborne, Ont.—"After having an operation, I was very miserable, weak, nervous and very near unto death. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it. It helped me wonderfully. I have no more pain, my nerves are much better. I feel safe in saying Lydia E. Pinkham's medicine has helped me wonderfully." Mrs. Wm. H. Bessell, Box 143, Port Colborne, Ont.

W. N. U. 1790

Shadow a prisoner is changed, so is not to be brought in alive!"

Fontaine smiled but Margot jumped to her feet and exclaimed, "But the man you're after is alone and unarmed! You cannot be cowards enough to kill him!"

"Go, Paul, you have heard my orders!" insisted the General. But he was not devoid of sympathy for the girl, for as his subordinate left, he turned to her: "Margot, I advise you to give up this dream of romance. It has caused you enough heartache."

Thinking it was kinder to leave her alone, he disappeared sullenly to the garden. The girl resumed her vigil, scanning the desert wastes. She knew not for what. Afternoon darkened to dusk and dusk darkened to evening. Then, out of the stillness, cries of the returning soldiers were heard. A moment later Captain Fontaine burst into the room and the instant that Margot saw his face she knew that his mission had been successful. He was followed by General Birabeau, who asked, "Tell me what happened?"

"We killed him!"

"Who? Which one of the soldiers?" the commandant enquired.

Paul Fontaine hesitated. "None of our soldiers. But the last man you would ever suspect."

The door opened and Pierre Birabeau stood before them. Over his arm was the cloak and the mask of the Red Shadow and his hand held the outlaw's broken sword. Gradually his father realized the daring of the son he had almost despised. It was he who had killed the desert boy enemy. In a rush of emotion he put his arms around the boy and held him close. Then another realization slowly possessed him, for he whispered so that only Pierre could hear, "You were bravest when you refused to fight!"

That evening Pierre Birabeau was the acknowledged hero of the post. Margot alone failed to congratulate him. The general, bursting with pride, at the bravery of his son, begged him to tell the girl the details of his amazing exploit. As he left the room he saw Pierre put his arm around Margot Bonvallet—and he had never dared that before!

"Margot," Pierre began.

"Please Pierre—don't tell me anything more! I—I want to be left alone."

"But answer just one question, Margot, and then I will go. Did you love this man very much?"

"Yes, there was in the girl's eyes. 'Yes, I loved him—as I never will love anyone else.'"

Pierre did as he had promised. He went quietly from the room. When she knew that she alone was prevented her hearing the door through which Pierre went

opened again. She felt a hand on his shoulder. At first it seemed impossible—it was the distorted imagining of her broken heart. But when she felt his lips against hers she knew that it was true. The Red Shadow—her lover—was there, dressed in his scarlet burnoose, his face hidden by the mask he had always worn.

"Then, after that long embrace, she lifted the mask. And she knew that the greatest romance of all was ahead—the tempestuous love of the Red Shadow and the protecting tenderness of Pierre."

THE END

Had No Moving Problems

Family Pays Rent Fifty-Nine Years On Same House

For one family to pay rent of one house for a period of fifty-nine years is a pretty good record, and that is the record revealed by the announcement that Fred R. Allen, 59, of Farmington, Me., is going to move for the first time.

He is living in a house where his father began paying rent before Fred was born, and after the death of his parents he continued to live there. The house is to be torn down, and so Mr. Allen has to move.

The Mediterranean has very slight tides, at most places only a few inches.

The Home Of Porcelain

Saxony Town 500 Years Old Is Planning Celebration

Meissen, a beautiful town in Saxony, one of the first places in Europe, if not the first, where porcelain was manufactured, is 500 years old this year. All kinds of celebrations have been planned for this anniversary, among them chimes of real porcelain bells, the first of the kind in the world to be hung in a Meissen belfry. But the most remarkable commemoration is a war memorial chapel of porcelain. The whole interior has been lined with porcelain, and large commemorative groups have been fashioned in clay, colored and baked to decorate the interior. The man who first made "Dresden China" was named Böttcher.

WHEN BABY IS WELL

MOTHER IS HAPPY

The happy mother is the one whose baby is well—it is the laughing, grinning baby who always brings joy to the home. When baby is ill everyone in the home suffers—not only through worry over the little one but through loss of sleep—no one can rest with a sick baby in the home. Thousands of mothers and happy mothers because they have found the way to keep their little ones well—and it takes no time at all, as it usually does with little ones, they have found the way to keep their baby healthy and strong and sleep well at night. "Mrs. George Keck, Lindberg, Alta, is one of these mothers who writes as follows: 'I am the happy mother of a seventeen-month-old baby girl. Baby is healthy and strong and sleeps well at night. I give her no other medicine but Baby's Own Tablets, and she just loves them. I am never without the Tablets in the house.'"

Baby's Own Tablets are a mild but powerful laxative that regulate the bowels; sweeten the stomach and thus drive out constipation and indigestion and make the cutting of teeth easy. They are sold by medicine dealers or by mail at 25 cents per box from Dr. Williams' Medicine Co., Brockville, Ont.

Newspapers Best Medium

More Money Spent On Newspaper Advertising Than In Any Other Way

One billion five hundred million dollars was spent on advertising in the United States during 1927, according to a survey made by the National Bureau of Economic Research at Washington. The report contains a chapter by Professor Mevin T. Copeland, of Harvard University, who points out that advertising not only stimulates buying, but acts as a stabilizing influence on certain industries.

That newspapers are the best medium through which advertisers may reach ultimate customers is shown by the amounts spent in the States in the year under review, for each class of advertising: Newspapers, \$500,000,000; magazines, \$210,000,000; direct advertising, \$400,000,000; street car cards, \$20,000,000; outdoor 600 (since greatly increased); radio \$7,000,000 (since greatly increased); business papers, \$75,000,000; and premium advertising, program and directories, \$25,000,000—Edmonton Journal.

Honey Production

Honey production in Canada in 1928, amounted to 22,689,900 pounds worth \$2,785,467, as compared with 12,746,493 pounds worth \$2,936,508 in 1927, and 13,769,649 pounds worth \$1,920,948 in 1926. A feature of recent years has been the rise of the western provinces in honey production.

We met a friend the other day whose wife had been ill with a bad cold a week or so before.

"Did your wife ever get her voice back?" we inquired.

"All of it," the friend replied.

Polish Universal Exhibition

Canada Sending Valuable Exhibits Which Will Advertise This Country

Saskatchewan has contributed to the Canadian exhibit to be displayed at the Polish Universal Exhibition, being held from May to September of this year at Poznan, the University City of Poland. The Dominion Government, several other provinces, the railway companies and the Hudson's Bay Company also have contributed. Other countries participating include Great Britain, Holland, Russia, Turkey, Japan, China, United States, Brazil, Argentina, Chile, France, Italy, Germany, Belgium and Czechoslovakia.

The Canadian exhibits will illustrate the mode of living of the Polish-Canadians in city and country. The Dominion Government, apart from contributing models exhibiting the agriculture, mining and industrial wealth of the country, is donating a group of Canadian buffaloes. The Canadian Railway system will exhibit illustrations of the stations, shops, bridges, tunnels, irrigation projects.

The Province of Saskatchewan is providing delightfully colored transparencies, complete with electrical fittings in readiness for erection, showing public buildings, including the Parliament Buildings, University, Colleges, Normal School, Hospitals, together with a group of sixty large photographs, uniformly mounted, providing views of Saskatchewan farming operations, scenes and livestock. To each individual photograph is attached a description written in English, French and Polish. It was interesting to find, in translating the descriptions, that no such word as "Combine" has yet found a place in the Polish language. Handsome glass containers carrying the Saskatchewan "coat-of-arms" will contain exhibits of Saskatchewan-grown wheat, oats, barley, flax and peas. The Provincial Museum has provided mounted specimens of fur and bird life to be found in the Province.

Mathematical Genius

Six Year Old Danish Boy Has Distinguished Scientific

Danish scientists have been dumfounded by the mental antics of a six-year-old mathematical genius, Paul Larsen, whose father is a modest tailor in the village of Hvidovre.

On a recent visit to Copenhagen the clubby little fellow multiplied figures with products as high as 10,000. Most of his answers were given in less than ten seconds, and if the calculations of his inquirers may be relied upon, all of them were accurate. According to his proud father, Paul has displayed his ability at arithmetic since he passed his fourth birthday, and no one has ever taken particular pains to train his mind in that direction. When he is not performing for curious visitors, the child spends his time playing about the streets of his native village.

Use Minard's for the rub down.

A Pathetic Feature

Another pathetic little feature of everyday life in the way people will look forward for years to the nice things they are going to do when the children are grown up and away, and then find, when the time comes, that they don't care much about doing them after all—Ohio State Journal.

Wellington, N.Z., is constructing a war memorial which will have a carillon.

Little Helps For This Week

"He giveth power to the faint, and to them that have no might He increaseth strength."—Isaiah xl. 29.

It is not, Lord, that I have fearful grown To walk the way I must; But oft the path is steep that I must tread. And often in the dust.

I fall, my feet are bleeding from the stones. And all my tears are vain; Forgive, I pray, dear Lord, and give me strength to rise again.

Whether we stumble, or whether we fall, we must only think of rising again and going on in our course. God never makes us feel our weakness, but that we may be led to seek strength from Him.—Fenelon.

It is impossible for that man to despair who remembers that his Helper is omnipotent.—Jeremy Taylor.

Wellington, N.Z., is constructing a war memorial which will have a carillon.

W. J. BARTLETT, PUBLISHER**Blairmore, Alta., Thurs., June 20, 1925****THE CALGARY EXHIBITION AND STAMPEDE**

The deep throated roar of encouragement from a crowded grandstand, sweet music to the ears of the scores of cowboys who daily risk life and limb during the championship cow-

boy contests, will ring out with renewed vigor again this year, when the annual Calgary Exhibition and Stampede, where \$70,000 in prizes and purses are offered, is held at Victoria Park during the week of July 8 to July 15, inclusive.

With the greatest list of purses and trophies ever offered for a frontier contest, Canadian and American cowboys are soaping their saddles and working up their ropes in preparation for the big western celebration, and even at this early date, the biggest entry of cowboy contestants in the history of The Stampede is expected.

Agricultural Alberta is preparing for the Stampede and Exhibition in totally different ways. In the ranching districts, the cowboys are rounding up the "best," or "worst," of the outlaw horses, for only "top" bronks are shipped in for the big contests,

while in the farming districts, pure bred cattle, horses, sheep, swine and poultry are being fitted up for display in the various show rings. The exhibition of pure bred livestock is a big part of the Exhibition and Stampede, and the cattle pavilion, the largest and most modern in Western Canada, will be filled to capacity this year.

In addition to regular prizes for livestock, special prizes will be awarded for Alberta bred cattle, and not only will all Alberta breeds be eligible to compete for these prizes, but they will also be eligible for all the open classes.

Prizes are also being offered for dairy products, agricultural products, pure bred hogs, fancy work, art, cooking, school work, Indian work, etc. In the grains and seed department, a number of valuable trophies, supported by generous cash prizes is being offered, and a big entry list in these classes is expected.

Another large new exhibit building, to be known as the Willingdon Building, has been provided this year, and a good start has been made towards the paving of the main roads and walks within the exhibition grounds.

THE MISSION TO THE PASS

Too long there has been a feeling of suspicion on the part of the smaller towns towards the cities. Quite without reason, so far as the city residents have ever been able to see, the latter have been regarded as big bulls stalking across the stage whereon the drama of development is being enacted looking for an opportunity to gobble up the smaller communities. Yet, as a matter of actual fact, they have not only shown no such disposition, but it has been quite obvious to them, as it should always have been to everybody, that any such attitude would be analogous to throwing a customer out of the shop. The cities' well-being is dependent to a great extent on that of the smaller towns and farmers. Happily this suspicion has been growing less as the country grew greater and the outlook of its citizens became broader. It is to be hoped that the visit of 28 representatives of the city of Calgary

has effectively removed any of this feeling that may have remained.

In recent years there have been several notable instances even of large communities not competing, but co-operating for the working out of their industrial destinies and the friendship which has been extended to the Calgary mission at all places in the Crows' Nest Pass which it has recently visited is sufficiently convincing that the spirit exists here which will make similar co-operation possible.

That 26 busy business men should think it worth while to leave their desks and offices to go on a fraternal visit to sister communities is not entirely without significance. They can not be justly accused of hoping to gain something from such an expedition. Neither Calgary nor the Pass towns which have lately extended their hospitality to Mayor Osborne and his colleagues will be one whit the larger or the stronger or the more influential as a result. But if we un-

derstand each other any the better, and if the towns of the Pass can see their way some time to return the visit, the whole purpose will have been achieved. The Calgary mission was no mere bid for popularity and business, but it was intended to be and, unless the evidence is misleading, was interpreted as a sincere gesture of goodwill—Calgary-Albertan.

Mrs. Thomas H. Scott, Miss M. McCrea and Mrs. J. C. Church, of Pincher Creek, received word recently of the death at Winnipeg of their uncle, Mr. John McCrea, aged seventy-eight years.

WEST CANADIAN COLLIERIES LIMITED
BLAIRMORE, ALBERTA**A Trip Through Canada's Inland Ocean**1. View of Manitowish Island from aboard ship.
2. S.S. ASSINIBOIA passing through Strait St. Marie locks which connect Lakes Huron and Superior.
3. Deck scene on S.S. KEEWATON on Lake Superior.

The Great Lakes—Canada's inland ocean—opened to navigation last month, are just entering on their summer condition of offering one of the major attractions of the Dominion to tourists. Vistas of beautiful islands and frowning headlands present some of the most beautiful scenery on the North American continent, while the illusion of sea travel is given to passengers when for a full day at least nothing but water is visible from the ship. Canadian Pacific ships, traveling their waters weekly, supply every up-to-date comfort and facility to travelers and remarkable engineering works add to the list of sights and beauties which nature gives in profusion.

Often you say "some day I'll take an ocean voyage," but did you ever stop to think that next door to you is an inland ocean where for two glorious days aboard a Canadian Pacific ship you can enjoy your long-dreamed-of voyage? If you haven't, the chance lies open to you and you can take the delightful cruise across Huron's blue waters, through the lovely St. Mary's River and away over the broad

expanse of Lake Superior, the largest body of fresh water in the world.

You can take it as a trip in itself or you can take it as a break in your rail journey across the continent. It carries you from Port McNicoll to the Head of the Lakes at the Twin Cities. The great white ships of the Canadian Pacific speed along with all the swift grace of gulls that circle and dip at the mast heads or perch and flutter above the deck rails. Perfection of service adds a last pleasing touch to the meal, the comfort of the staterooms and the social affairs on deck and below.

Since the level of Lake Superior is 21 feet higher than that of Lake Huron the Sault Ste. Marie lock has been constructed and the Canadian Ship Canal to join up the two lakes. This remarkable engineering work is one of the sights of the voyage. Three fine ships make the trip weekly for the Canadian Pacific, the "Kewadin," "Assiniboia," and "Manitoba," two from Port McNicoll and one from Owen Sound, with the same number of eastward sailings from the Twin Cities.

THE PERFECT HUSBAND

An old newspaper furnished the following:

A perfect husband—who can find one?

Six days of the week doth he labor for his money, and upon the seventh doeth chores within the house for relaxation.

Within his own hands he runneth the lawn mower and washeth the dog.

He hooketh up his wife's dresses at the back without murmurings.

He putteth the cat out at night.

His ashes fall not upon the carpets and his cigarette burneth not holes in the draperies.

He weareth everlasting socks and seweth on his own buttons.

His overcoat doeth him six seasons.

He lurcheth meagerly upon a sandwich that he may adorn his wife with jewels. He grumbleth not at the bills. He openeth his mouth with praise,

and noteth her new frock, and the word of flattery is on his tongue.

He perceiveth not the existence of other women.

Lo, many men have I met in the world, but none like unto him. Yea, ye have all seen him in your dreams.

No Go-Between

"Won't you give a shilling to the Lord?" asked a Salvation Army girl addressing an old Aberdonian.

"How auld are ye, lassie?" he inquired.

"Nineteen, sir."

"Ah, weel, I'm past seventy-five. I'll be seein' him afore ye, so I'll hand it to him meel."

A son arrived to Mr. and Mrs. Thomas Gale last week end.

Albert Muts has recently been elected a director of the Spooner Oils, Limited.

Damage estimated at about \$10,000 was done by fire to the old Tabor candy factory at Medicine Hat last week.

Don't fail to see Corinne Griffith in "The Outcast," Wednesday and Thursday at the Orpheum. You'll enjoy it when you see it.

"Square Shoulders" is a story of the strongest love on earth. Is pride greater than love? See this picture on Tuesday at the Orpheum theatre.

Orpheum on Friday and Saturday Buster Keaton in his latest and best comedy drama, "The Cameraman." He turns cameraman now—he'll positively grind your blues away in the scramble of gals, gongs and guffaws. Don't forget your family.

Dundee (by radiogram)—Angus Macintosh is held in the city jail charged with smothering one of the triplets born to his wife yesterday. His only explanation was that he could not afford to buy a bottle for the third child.

Large fluffy rabbits are among the new novelties at the fifth annual Elk-carnival-bazaar, to be held in the arena on June 28th, 29th and July 1st. Don't forget to get a "lucky Billie," and also visit the all-Scotch booth, with Scotchmen in kilts 'n everything.

The Chesterfield Suite, table and lamp; electric radio and electric orthophonic, grand prizes for the Elk-carnival-bazaar, are now on display

in the showroom of the Red Trail Motors' garage, kindly placed at the disposal of the Elks for this purpose by the proprietors, Fumagalli Bros.

"A school principal is one who is paid extra to refrain from working too hard, so that when everyone else about the place has gone fagged or wild, his cool head will serve as a nucleus of sanity."—Dr. Daniel W. La Rue, professor of psychology at the Pennsylvania State Teachers' College.

PUBLIC LIBRARY

Books are being received all the time. Fifteen were received from Mr. Christophers and five more from Mr. Griesbach.

The summer weather has brought slight drop in the number of books loaned the last few days, but a worth while number go out every day the library is opened.

During July and August, the Library will be opened Tuesday and Saturday from 7 to 9 p.m.; we shall not be open Saturday afternoon.

A pretty young American girl, crossing the ocean on the same steamer with Marshal Joffre, asked him if he had ever killed a German. "Yes," replied the Marshal.

"With which hand?" she asked.

"With my right hand," he replied, whereupon she raised his right hand to her lips and kissed it.

A British officer standing nearby

promptly exclaimed: "I've killed two Germans."

"With which hand?" the girl asked.

"I bit them to death," was the unblushing reply.

At the local school: "Little boy, don't you know what becomes of boys who use such bad language when they play marbles?" "Yes'm, they grow up and play golf, like Wilf. Goddard. Your shot, Jimmy!"

Paris says -- "Diamonds in Wedding Rings"

Diamond-set Wedding Rings \$25-\$100

—and the world of fashion approves the decision. Yet a diamond-set circlet need not be beyond your reach. . . . We have them, delicately chased and set with superbly cut stones, for as low as \$25. . . . The engagement solitaire, too, may be selected here, with utmost confidence—in the quality of the stone and the fairness of the price.

Watchmaker and Jeweler
Blairmore - - Alberta

England in the 15th Century

Two hundred years earlier, in the 13th Century, England established the art of brewing commercially: it was at this time the water of Burton on Trent began to be famous. The monks were the first to discover the secret of these famous waters.

There is a document, dated 1485 in which it is stated that Matilda, daughter of Richard 3d Thichien, was released to the Abbey of Burton certain terms: in return she was granted daily for life two loaves, two gallons of beer and one penny, besides seven gallons of beer for the men.

Today malt beverages, BEER - ALE - STOUT are considered Health Drinks.

Where BEER has once been introduced, it has generally become the national beverage.

COLORFUL SCENES AT ELECTIONS IN GREAT BRITAIN

London, England.—Hundreds of thousands of Londoners kept watch the small hours of the morning as the fatal figures shifted on hundreds of lofty screens and electric signs.

In Piccadilly Circus, Trafalgar Square and other famous centres of London, the jostling crowds took on a carnival appearance. Vendors of varicolored toy balloons elbowed men in evening clothes, while male celebrants waltzed along the pavements masquerading in women's coats and hats.

Top of the buses were crowded with people out to see the spectacle and apparently careless of the fact that they were not getting anywhere in the tremendous traffic blockades. Lower Regent Street by midnight was jammed with buses fifty deep. It was estimated at least 30,000 persons had packed into Trafalgar Square where a huge stereoscopic electric bulletin was mounted.

Party partisans even decorated the huge fountains at the foot of Nelson's monument with their colors, but the police cleared them away.

In night clubs, restaurants and hotels throughout the fashionable West End, thousands of London society folk danced the hours away into the early morning, while the election returns by radio broke to the music.

Frontier Baldwin spent the evening more quietly at Number 10 Downing Street, his official residence, with Mrs. Baldwin and a party of friends. He listened to the return over the radio.

His Majesty Suffers Relapse

Public Is Worried Over News Regarding Condition Of King George

London, England.—Somewhat assuring news as to the condition of King George, who was learned to be again confined to bed and suffering from an attack of fever, was obtained from Windsor Castle.

The shock caused by the news that His Majesty had suffered a relapse, was two-fold. This came first from its unexpectedness, since most of his subjects thought their ruler normally convalescent, and second from the gravity of the King's malady. Erysipela is considered a dangerous disease, particularly apt to strike a sudden mortal blow.

Very few persons knew that His Majesty had suffered a relapse. The fact was not public in London and the voting in the general elections had distracted and absorbed the attention of every one in England.

American Boat Seized

Another Fishing Troller Is Held By Authorities At Pacific Port

Prince Rupert, B.C.—The United States salmon troller "Mary C. Fisher" has been brought into port here by the Canadian patrol boat Rivaldes after seizure off Tow Hill, Graham Island, for violation of Canadian fishing regulations.

Captain A. A. Pillion, of the salmon troller, claims he went to Tow Hill to make repairs as allowed under international agreement.

The seizure of the "Mary C. Fisher" follows a number of other seizures of U.S. salmon trollers recently. It is claimed that the boats are using Canadian waters for fishing under the guise of entering the waters for shelter, effecting repairs, or other valid reasons.

Speeding Up Construction

Saskatoon, Sask.—Every effort will be made to have the McEldon Aberdeen branch of the Canadian National Railways completed this fall. W. A. Kingland, general manager of Western Lines, said when he passed through the city on his way to Roseburg. He stated grain would be hauled over the line this year even if it were necessary to use skeleton tracks for small distances.

Fire Destroys Lumber Mill

New Westminster, B.C.—Fire of unknown origin destroyed the planing mill plant of the Brunette Lumber Company at Sapperton, near here, with an estimated loss of \$100,000.

Estimates Approved

Ottawa.—After a somewhat tempestuous passage, all estimates of the department of immigration have been finally approved by the supply committee of the House of Commons.

W. N. U. 1708

Sewer Gas Explosion Causes Much Damage

One Person Believed Fatally Injured When Blast Rocks Ottawa

Ottawa.—Explosions of sewer gas in four parts of the city caused probably fatal injuries to one and killed a number of others, at the same time destroying considerable property where the blasts were most severe.

There was panic in several sections when the booming of the explosions, accompanied by leaping pillars of flame and water, shook dwellings and rattled the windows of houses and office buildings. Women and children ran screaming from their homes.

In the streets, man-hole covers were thrown into the air a height of 50 or 60 feet. Confusion reigned. Fire alarms, brought apparatus to scout fire, and patrol where there was likelihood of any outbreak.

St. Martin's Reformed Episcopal Church, built in 1874, and a landmark in the Sandy Hill district, was churned into wreckage as though it had been blasted by high explosives. Several stores in its vicinity were also destroyed, but persons in these latter buildings were not badly hurt.

Grain Buyers Organize

Will Function Along Lines Recommended By Grain Enquiry

Saskatoon, Sask.—Grain buyers of Western Canada have an organization under formation which will be known as the Grain Buyers' Service Bureau. It was announced here. It will be managed by an executive committee consisting of a number of active buyers in the West. The organization will function along the lines recommended by the Royal Grain Enquiry during the sittings in Saskatchewan last winter and is aimed to raise the standard of grain buyers considerably during the next few years.

An employment bureau will be handled in connection with the organization to assist its members in securing employment. At present the organization has a large membership in Northern Saskatchewan, and by fall a 100 per cent. membership in Western Canada is expected. Further particulars of the body are under preparation and are expected to be completed within a few days.

Saskatchewan Men In Marathon Swim

Two Have Entered Names In Fourth Wrigley Event

Saskatoon, Sask.—Saskatoon will be entered in the fourth Wrigley swim marathon to be held in connection with the Toronto exhibition, on August 28. Saskatchewan's entry in this world-famous event will be Jack Smyth, of 211 Sixth Street, who has already forwarded his entry to the officials at Toronto. Prince Albert will be represented in the same event by H. Houghton. Smyth and Houghton will train at Prince Albert National Park. They intend establishing training quarters there at once.

Want Chair Of Music

Saskatoon.—A discussion regarding the desirability of a chair of music at the various provincial universities, was an outstanding item at the Inter-Provincial Musical Festival Conference, held here. The Conference, which was attended by officers and delegates from the associations of the four western provinces, expressed the hope that the authorities concerned would take early action.

Will Remain In Force

Victoria.—British Columbia's tax on non-royalty paying exported logs, declared ultra vires by Chief Justice Aulay Morrison, of the Supreme Court, will remain in force until the judgment has been appealed by the provincial government as a result of arrangements reached between the province and the Dominion government, it was announced.

Board Of Conciliation

Ottawa.—A board of conciliation under the Industrial Disputes Investigation Act has been established by Hon. Peter Heman, minister of labor, to deal with a dispute between the Canadian National Railways and its firemen and engineers, members of the Brotherhood of Locomotive Firemen and Engineers.

To Conduct Prosecution

Prince Rupert, B.C.—E. F. Jones, of this city has received instructions from Ottawa to conduct in Vancouver the prosecution of the four United States salmon trollers seized recently at Goose Harbor.

Working For World Peace

Saskatchewan Will Hold Provincial Conference On June 28, At Saskatoon

Saskatoon.—With a dominion peace conference as objective, provincial conferences are being organized, Saskatchewan joining in the movement by arranging a gathering at the University of Saskatchewan, on June 28. This was decided at a meeting called by Mrs. H. Johnston, president of the United Farm Women of Saskatchewan, and attended by representatives from all organizations in the province, working for world peace. The date was chosen to accommodate the large number who will be in Saskatoon for rural women's conventions covering not only the province but the whole of the Dominion, represented in the Women's Institutes.

AGREEMENT IS REACHED ON REPARATIONS

Paris.—The German experts and their creditors came to an agreement on revised reparation annuities as proposed by Chairman Owen D. Young.

These annuities average 2,500,000,000 gold marks (about \$492,000,000) for thirty-seven years; 1,700,000,000 marks (\$340,000,000) for twenty-one years, and 900,000,000 marks (210,000,000) for the final year.

Under the agreement as concluded, these annuities will run from September 1st, instead of from April 1st, as originally calculated. The Dawes plan of payments will meanwhile continue in force.

The situation was explained by Thos. W. Lamont, United States representative, as follows:

"Both creditor and German experts have heretofore declared themselves willing to accept the annuity figure of 2,500,000,000 marks as suggested by the chairman, although a difference existed on the question of interpretation.

"This difference has now been removed and a common basis for interpretation acceptable to both the creditors and to Germany has been found, subject, however, to agreement on the outstanding conditions which still remain for discussion and settlement."

It was further explained this agreement was no one's victory, for both Germans and creditors gave way to make it possible.

The general opinion of the experts was that a most important step had been taken toward final elimination of the Great War. There was no disposition to cry victory because there remained a number of knotty points among German conditions and allied reservations, any one of which if not satisfactorily disposed of might make final agreement impossible.

WILL PILOT GIANT DIRIGIBLE

Major G. H. Scott, chosen by the British government to pilot the great R-100 on its maiden voyage to Canada.

A Reciprocal Visit

Australians Invite Canadian Boys To Make Return Tour

Victoria.—"We are leaving Canada with the hope that a reciprocal visit to Australia will be arranged for Canadian boys," Major John J. Simons, leader of the Young Australia League, stated prior to embarking on the liner "Aorangi" homeward bound.

"We have had a wonderful tour, and its success has greatly exceeded our expectations," he added.

The aim of the League in fostering these tours, Major Simons said, was to create better understanding between the English-speaking peoples of the world, and in this, he thought, the League had been in a large measure successful.

Salmon Treaty Approved

Committee Evenly Divided and Chairman Voted In Favor

Ottawa.—On the casting vote of the chairman, William Duff, Liberal, Antigonish-Guysboro, the marine and fisheries committee of the House of Commons approved the Canada-United States salmon and fisheries treaty. The convention was signed at Washington on March 27 last.

When the division was called, ten members of the committee voted against the pact and ten in favor with the vote a tie, Mr. Duff, as chairman, then voted for the treaty.

Casualty List Heavy

Manila.—The death toll in the typhoon in Southern Leyte province was reported at 112 as communication with that section was re-established. First reports of the storm received here gave the number of deaths as ten. Some of the towns in the typhoon area still were isolated when the casualty list was completed.

The Bull Dog Breed

Feet squarely planted on the deck of a Canada-bound liner, this young agricultural family coming forward under the aegis of the Department of Colonization and Development, Canadian Pacific Railway, he looks forward to a roving, healthy life in Canada—thanks to the Askew scheme.

Amended Bill Is Passed By Committee

Would Make Divorce Much Easier For Deserted Wives

Ottawa.—An amendment to the bill respecting the domicile of married women, although opposed by a large section of the house, passed when Parliament went into committee to consider the bill. The amendment makes it possible for a woman, deserted by her husband and left living alone for two years, to establish her domicile in any province of Canada where a divorce court exists for the purpose of obtaining divorce.

The bill, as amended, passed the committee stage and now stands for third reading. The amendment was passed by a vote of 38 to 28.

During the debate, Hon. Ernest Lapointe, minister of justice, declared that conditions in Canada would be worse than in Reno if the bill as amended became law. In Reno, a person desiring to obtain a divorce was required to wait three months before taking proceedings. Under the bill before the house, such persons could go to a province where a divorce court existed and begin proceedings immediately.

Hon. R. B. Bennett, Conservative leader, pointed out that a woman wishing to obtain a divorce must establish her domicile to the satisfaction of the court.

Slaughter Of Tribesmen

2,000 Arabs Reported To Have Been Slain In Tribal Fight

London.—A Jerusalem dispatch to the Express says desert runners brought to Heywood word that 2,000 Arabs were slain at Elisarar, Nejd, in a battle between Ajman and Jela'wah tribes.

The fight was attributed to a breach of desert hospitality. The sheik of Ajman visited and was entertained by the sheik of Jela'wah, but no sooner had he left the tent of his host than he was attacked.

The Ajman tribesmen promptly retaliated on the following day, slaughtering both the chiefs and a thousand tribesmen on each side were reported to have been killed.

Capital Invested In Canada

Canadians Own Over Half Of Securities Issued In Dominion

Ottawa.—Canadians own 65 per cent. to 65 per cent. of the securities of all enterprises located on Canadian soil. British investment in Canada at the beginning of 1928 was two-thirds that of United States investments in this country, or \$2,298,517,000, as compared with \$3,286,788,000.

The total British and foreign investment in Canada at the time noted amounted to \$5,742,043,000, the balance of \$245,740,000 coming from all countries other than the United States.

APPEAL IN TAX CASE IS WON BY WHEAT POOL

Ottawa.—Judgment was given by the exchequer court in favor of the Saskatchewan Wheat Producers, Limited, in their appeal from the assessments in the years 1925 and 1926, by the minister of national revenue, at \$154,143 and \$302,489 respectively.

These amounts represented deductions set aside for elevator and commercial reserves, and for operating expenses.

Mr. Justice Audette held that the deductions were merely temporary loans made by the farmers in the pool and were not gains or profits within the meaning of the act.

The judgment says in part: "The deductions are so much less of the price, the proceeds of the farmer's grain, which he leaves, by agreement, in the hands of such associations for the purposes of handling his grain to his best advantage."

"Under all circumstances of the case, I find that the deductions in question are but temporary loans and advances made by the farmer, out of the price of his grain, to the pool capital for carrying on and acquiring elevators the value thereof being credited to him as his own, having been his own all through under the true meaning of the provincial act and the contract made thereunder, and that the association acting in such fiduciary capacity for the grain growers, accounts for every cent it receives, and retains nothing that amounts to gain or profit."

AMENDMENTS TO ELECTION ACT ARE EXPLAINED

Ottawa.—Hon. Lucien Cannon, solicitor-general of Canada, explained to the House of Commons the two principles involved in the amendments recommended by the special standing committee which, during the present session, has investigated the Dominion Elections Act. These amendments were before the House for approval.

The first radical change recommended by the committee was for the appointment of returning officers by the chief electoral officer for the Dominion. In the past returning officers all across Canada had been appointed by the governor-general-in-council at the recommendation of the secretary of state.

The second principle requiring change, according to the recommendations, was in the compilation of federal voters' lists from provincial lists. The recommendations contained in the amendment urged that in urban centers enumerators be appointed to compile permanent federal lists. This practice will save much expense and trouble and will enable inaccuracies to be eradicated, the committee agreed, Mr. Cannon pointed out.

It was the hope of the committee, Mr. Cannon said, that the amendments might be passed during this present session since they would require some time to be put to practical use. The bill was given second reading forthwith and considered in detail in committee.

Mr. Cannon pointed out that the amendments provided for in the bill would apply at the next general election. It was the opinion of the committee that they should not apply at any by-election, which might be held before the next general election.

Many Press Delegates Going To Conference

Canada Is Sending Twenty To England Next Year

Montreal.—J. H. Woods, managing editor of the Calgary Herald, and chairman of the Canadian Division of the British Empire Press Union, accompanied by his wife, sailed from this port on route to London, England, where he will make arrangements for the Canadian contingent of press delegates to the Imperial Press Conference next year.

"Canada will be sending 20 delegates to represent the 60 members of the Union in Canada," said Mr. Woods. "This is the largest representation of any part of the Empire with the exception of the British Isles."

To Cross Continent In Buggy

Stockbridge, Mass.—Russell Beckwith has no use for automobiles, so he will set out on a trip with a horse and buggy that will constitute a tour of the continent. Mr. Beckwith has leased his farm here and leaves to visit a brother in Pennsylvania for a visit before heading for British Columbia.

Five Italian Fliers Killed

Rome.—The crew of five of a military bombing plane were killed when it crashed into Mount Orsara near Corniglio, while on a night flight. The dead were two lieutenants, two under-officers, and a soldier mechanic. A sudden violent storm had come up while they were flying over the Apennine mountains.

Rebels Kill Ambassador

Constantinople.—Authoritative information has reached Ankara from Afghanistan, stating that Afghan rebels captured and killed Gushiam Djelani Bey, Afghan ambassador to Turkey who was recalled by former King Amanullah to aid in the fight against the rebels. The report said that Gushiam was tortured to death.

Unemployed In Britain

London.—The number of unemployed in Great Britain on May 13 totalled 1,104,700 persons, a decrease of 28,000 over the previous week; it was officially announced here. The number was also 13,600 below the unemployment figures of May 13, 1928.

W.W.C.A. Convention

Toronto.—Many eastern delegates will attend the National Young Women's Christian Association convention being held at the Hotel Astor in Toronto. Many delegates will go from Montreal and Toronto.

IT'S BETTER BECAUSE IT'S CANADIAN

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services for Sunday, June 23rd, the Pastor in charge—

SENIOR SCHOOL at 11 a.m.
JUNIOR SCHOOL at 2 p.m.
PUBLIC WORSHIP at 7.30 p.m.

The pastor will continue the series of studies in the book of Amos. The subject for Sunday evening will be: "Is Public Worship Required of Men by God." We are told "you can worship God anywhere," and "there are better men out of the church than in it." How much truth, if any, is there in such statements.

SPECIAL ANNOUNCEMENT—
During July the Evening Service will be discontinued. A family service will be held in the morning at 11 o'clock. Senior school will attend this service and receive marks and the Sunday school papers at the close. Rev. F. Antrobus, of McMaster University, Toronto, will be in charge during the month of July.

VACATION SCHOOL

The vacation school will be held during the first two weeks in August, opening on the 5th and closing the 16th, hours will be from 9.15 to 12 a.m. daily.

Any child over four and under 13, resident in Blairmore or Frank, is eligible to attend. Attendance at any Sunday school is not a condition and the teaching is Christian, not denominational.

ST. LUKE'S, BLAIRMORE

Service Sunday morning next at 11.15.

Remember the Pantry Sale and Tea to be held tomorrow (Friday) afternoon at the home of Mrs. Weaver, from 3 to 6.

Automobile Accidents

The summer months of July and August undoubtedly witness the heaviest automobile traffic through Western Canada. It is during this period that tourist traffic is greatest with "foreign" cars in large numbers from other provinces and the United States crossing and re-crossing these prairies. They come from Provinces and States where traffic regulations frequently are different from those in force in these Western Provinces. During this mid-summer period, too, what we may term "domestic" traffic is at its peak. Roads are at their best, and following the closing of the schools many of our people tour "en famille" while week-end journeymen to summer resorts are much in vogue.

While care in driving is at all times necessary, and with the steady increase in the number of cars in use is becoming a more and more vital matter, it is nevertheless the case that during these summer months extra care should be taken.

There are certain factors to which special attention should be paid, and the importance of which are reinforced as a result of careful investigations into the cause of auto accidents carried out during a period of years. For example, one would naturally suppose that the majority of such accidents occur on bad roads, at intersections, curves, etc., but statistics prove that the majority of accidents occur on the so-called "safe" parts of the highways. Apparently drivers are careful on curves and badly surfaced roads, and let themselves go on straight, smooth stretches.

Statistics compiled in the State of Iowa in regard to accidents are certainly illuminating:

10,666 accidents occurred on straight-away stretches where the drivers of the colliding cars had a clear view of the objects with which they were colliding.

7,385 occurred at intersecting roads, most of which were due to the fact that one or both vehicles approached the intersections at speeds too great to be checked upon perceiving the approach of the second car.

3,566 were caused by failure to grant the right-of-way at street crossings.

940 occurred on curves, caused by the drivers of the two vehicles going in opposite directions "hugging" the "inside" of the bend in the road to help them maintain high speed.

1,169 resulted from driving on the wrong side of the road.

117 were caused by cutting corners.

1,788 were caused while ascending and descending hills.

The roads were in the following conditions:

15,000 roads were good; 593 were icy; 3,196 were wet; 483 were covered with snow; 1,018 were icy; 186 were sandy; 51 were muddy.

These figures seem to fairly establish the fact that the better the roads, the greater the number of accidents. In other words, where roads are not good, drivers are forced to exercise care, and because care is exercised accidents are reduced to a minimum notwithstanding that conditions existing would naturally predispose accidents, but where roads are good, drivers become careless, even reckless, and, sooner or later, the inevitable result is an accident.

With the present insistent demand everywhere for more good roads, and a still higher standard of good roads, coupled with the increasing power of cars and their enormous increase in number, the accident toll on highways is mounting higher and higher. The cause is the very reverse of what might have been expected. It is not defects in car manufacture, because cars themselves are stronger than ever before. It is not road conditions which presumably might ditch a car, overturn or damage it.

No, it is the human element that is responsible for the mounting toll of accidents. Instead of respecting the benefit of the vast improvements being made, drivers are becoming more and more careless, taking ever greater chances, becoming less considerate of the other fellow's rights, determined to secure "speed" at all hazards.

Think it over the next time you are tempted to "step on the gas" for the sole purpose of seeing and boasting of what your car can do. It may do something you least desire and will forever regret.

Help Yourself

Help yourself and the world will not treat you very badly. Helping yourself means thinking, knowing your job, and having other interests as well. It further means cultivating your brains by reading and learning something new. You will find plenty to occupy your time and thoughts, and thus you will never feel bored or dull.

Busy At Eighty-Two

At the death of 82, of Mrs. Flora Annie Steel, the great novelist of India, at Springfield, England, recently, she had just finished her autobiography, had half finished a novel, and had just published another, "The Curse of Eve," which gave her views on social problems.

When Pain Comes

What many people call indigestion, very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes excess acidity. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard in constipation in the 50 years since its invention. One spoonful of this harmless,

tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

Work On Branch Line To Mias

Commence Laying Steel On Line To Sherri-Gordon Property

Commencement has been made on the laying of steel on the branch from Cranberry Portage to Sherri-Gordon.

According to information, a very large gang under Peter MacKenzie, started laying the rails on the 10 1/2 mile stretch. Work will be rushed on the steel laying and it is anticipated that trains will be running into Cold Lake by September 1st.

The opening up of the Cold Lake branch will see active development on many mining properties lying between Cranberry and Cold Lake.

NERVE TORTURES

A Condition From Which Both Men and Women Suffer

Hardly any condition of ill health causes more real suffering than a disturbed nervous system. And often, unfortunately, but little sympathy is shown for the sufferer, from the mistaken notion that the nerves can be controlled. Men and women with nerves out of gear often become irritable and are blamed for all their troubles when it is not their fault. Their poor health is the cause. The tired, over-busy wife and mother, whose household cares have worn her thin; the breadwinner whose anxieties have worried him until he is really ill; are among the nerve sufferers who become run-down. Their nerves, like all bodily organs, need rich, red blood. In all such cases, which are the simplest treatment is a course of Dr. Williams' Pink Pills, which enriches the blood and builds up the nervous system and brings good health and cheerfulness. Mrs. M. Cross, Richmond, Que., tells how this medicine ended her nervous troubles. She says: "I have suffered from nervousness and dizzy spells, and one hundred and one blues which in such a condition make life a misery. The first thing I found to help me was Dr. Williams' Pink Pills. Under the use of this medicine I found my nerves grew steadier, the dizzy spells grew less frequent, and I felt brighter and more cheerful. I took the pills for some time and found that they enrich the blood, build up the nerves and are a fine medicine for both old and young."

You can get these pills through any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Five Points For Britain

Has Designed, Equipped and Operated Fastest Modes Of Travel

It is certainly a most remarkable fact that at this moment the fastest aircraft in the world (the seaplane which won the Schneider Cup), the fastest craft on water (Miss England), the fastest motor car (the Golden Arrow), the fastest passenger liner (the Mauretania), and the fastest locomotive (a C. W. Express), are British all five—British designed, equipped, and operated. We are glad that the British government's exhibit at the Toronto National Exhibition this year will show five models to remind the world of it.

Cramps Diarrhoea Pains in Stomach

Mr. Roy Lighthall, Milford, Ont., writes: "I became very ill; lost my appetite, had cramps, diarrhoea, severe pains in my stomach."

"I purchased a bottle of Dr. Fowles' Strawberry Tablets and before I had taken half of it I was completely relieved, and have had no symptoms of the trouble since."

"I cannot praise 'The Extract' too highly, and never without a bottle of it in the house."

"It is pleasant to take and acts very quickly."

"My brother had the same experience with it as I had."

"Dr. Fowles' has been on the market for the past 64 years, and I don't expect when you buy it, Price 50 cents a bottle at all dealers; put up only by Dr. T. Milburn Co., Ltd., Toronto, Ont."

Wheat Pool Elevators

When the three provincial units of the Canadian Wheat Pool have completed their 1929 building programme they will be operating a combined total of 1,608 country elevators with a capacity of from 30,000 to 45,000 bushels each. Of this number 1,055 will be in Saskatchewan, 560 in Alberta, and 163 in Manitoba.

For sunburn—apply Minard's Liniment.

It is complained that many business men write illegibly. A really busy man, of course, has not time to be constantly consulting a dictionary.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Britain Has New Industry

Factory In London, England, Makes Starless Four From Beans

A factory now completed in North London, marks the beginning of a new British industry which might well alter the importance acquired in recent years by sugar beet or even artificial silk. These four will be made from soy beans, whose acknowledged nutritive value has now, it is claimed, been made consistent with digestibility.

The soy bean is nearly all protein and fat, and it is devoid of the starch to which dyspepsia is commonly attributed. In protein it is four times richer than the best wheat, in fat twenty times richer.

In taste it reminds one of the almond, and bread containing it keeps longer than the ordinary bread. The probability is that it will be used also, as in Austria, for biscuits and confectionery, and the making of a new kind of chocolate.

Cars For Bolsheviks

Stated That Henry Ford Will Produce 900,000 Autos For Soviets

Henry Ford is to produce 100,000 cars a year for Soviet Russia under terms of a contract signed recently and made public in New York.

The contract will run for five years and the factory will be established in Russia. Only the Ford passenger model "A" and the Ford truck model "AA" will be manufactured.

More trucks than passenger cars will be produced.

The factory is to be located at Nizhni Novgorod, on the Volga river, and will be completed within four years.

For Burns and Scalds.—Dr. Thomas' Electric Oil will take the fire out of a burn or scald. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

New Picture Film Invented

Can Be Made Of Cloth and Is Washable

The housewife of the near future may say to her servant:

"Bridget, put those photos of father in the wash and hang them on the line to dry. Be sure to iron them tomorrow, for he is coming on a visit and I want them to look nice and fresh."

Exactly that can be done with a new kind of picture film invented by Dr. R. W. Hochstetter, head of the Hochstetter laboratories.

He is not using the invention for household purposes, but instead, is applying it to produce new types of sound picture films, and radio transmission of sound, photos and motion pictures. Several new processes are involved.

The first is making photographic film out of cloth, so that it is washable, ironable and non-inflammable. He says that cotton, silk, linen or even paper can be used.

Along with the new film Dr. Hochstetter announces invention of a process for reflecting sound and pictures from the face of the films, instead of transmitting light through film. He also has a different method of amplification of sound, to get further away from distortion.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle for life and succumb to weakness. This preparation gives promise of health and keeps it.

Better Study Geography

The Saskatoon Star-Phoenix received a letter from the assistant editor of the National Geographic Magazine, Washington, D.C., in which reference was made throughout to "Saskatoon, British Columbia." If all the other information published in National Geographic is equally accurate, of course, there is no cause for wonder that the Americans picture Canada only as a land of igloos and England as a country of bear mugs and plus-fours.

Keep Minard's in the Medicine chest.

Machinery For Shearing

Hand Clippers Used In Australia Only On Pedigree Sheep

Australia's wool clip this season is estimated at about 900,000,000 lbs. from about 100,000,000 sheep. The great bulk of this shearing is done by machinery, although, in the case of pedigree sheep, hand-clippers are generally used to ensure a cleaner and more even cut. Wolanley, who invented the shearing machine, went to Australia from England in the middle of last century. He took up sheep farming soon after his arrival, and brought his first patent in 1874. With the machine shears now in use, an average worker can cut 100 fleeces per day, and totals up to 200 are fairly common.

Ambitions Project

Plan To Pipe Gas From Alberta As Far East As Winnipeg

W. S. Herron, oil operator, announces that a plan for piping gas from Alberta to Winnipeg, serving also Regina, Moose Jaw and Saskatoon, is under consideration. He says that the cost would probably be \$50,000,000 and that eastern Canadian and N.Y. capital is interested.

After 10 Years Of Asthma Dr. J. D. Kolleggy's Asthma Remedy proves the only relief for one grateful user, and this is but one case among many. Little wonder that it has now become the one recognized remedy on the market. It has earned its fame by its never failing effectiveness. It is daringly bold, as it has done for years. It is the greatest asthma specific within the reach of suffering humanity.

May Have No Thrills

Nothing is really attractive unless it has the element of risk. This makes one look to the future with melancholy. Every day things are being made safer and safer. Even aviation some day will be safe and sane. The sea is getting safer yearly. The risks of railroading are disappearing rapidly. What will our grandchildren do for their thrills?

Corns are caused by the pressure of tight boots, but no one need be troubled with them long, when so simple a remedy as Holloway's Corn Remover is available.

The Helpful Wife

Sporting Goods Salesman—"Something in golf madam?"

Lady—"I want to see some large-sized handicaps, please. My husband says that if he has a large enough handicap for tomorrow he'll win the game."

Minard's Liniment for sick animals.

The amusing part of it, says the Farmer's Advocate, is that some of those city fellows who know how a farm ought to be run, put in a bag of potatoes and harvest a bushel.

6 Suggestions

Make Your Farm More Comfortable, More Livable and More Profitable with These Simple Spare-time Improvements

If you have any time on your hands here are six suggestions which will make an amazing difference in the attractiveness and efficiency of your farm.

First—Buy a supply of Gyproc Fireproof Wallboard. Then erect Gyproc partitions in your sick, changing the waste space into an additional room or two. Imagine how much more comfortable the family will be with the attic converted into a clean, inviting third story.

Fourth—Gyproc your poultry house. Your flock will have better health, and year-long protection from flu, cold, heat and vermin.

Fifth—Line your grain bins, barns, stables and other buildings with Gyproc. By doing so you will make them more valuable, fire-safe, cold resistant and 50 per cent more beautiful for your stock to live in.

Sixth—Look about for cracked, warped or rotted walls, partitions and ceilings and repair with Gyproc. Such repairs are quick and inexpensive to make because Gyproc never sets and cures so easily—saving time and labor.

Second—Renovate the lower corners by nailing Gyproc right over cracked and faded walls. You can decorate the flat, smooth Gyproc surfaces with Alabaster, paint or any other finish. And what a difference it will make to your home.

Canada Gypsum and Alabaster, Limited

DEFINES POSITION IN RESPECT TO LABOR MINISTRY

London, Eng.—Defining his attitude towards the new Labor ministry, Mr. MacDonald, Liberal leader, at a luncheon of the National Liberal Club said:

"We shall wait with interest the forthcoming declarations of ministerial policy, but we must declare that as far as it lies in our power the mandate of the government endures when it fails to pursue a Liberal policy. The very hour the ministry decides to become a Socialist administration, its career ends."

"The result of the election," he said, "has elevated our party to a position of responsibility for national affairs, second only to that of the government of the day. During the life-time of the present Parliament, the final word in all controversial issues between the other two parties will rest with us. We must not use the power given us by the election in a petty, fractious or petulant spirit. We must interpret our responsibility in a large and generous way, that is, in the truly Liberal sense."

"This government has been called into being, not by the verdict of the nation, nor by the decision of parliament, but on the advice of the leaders of the Tory party. It has been brought into being by Mr. Baldwin's majority."

"The nation has declared by a majority of five and a half millions. It has no use for Socialism or the Socialist party."

"The trouble is this majority is made up almost entirely of Liberal votes and both the Tories and the Socialists are in a conspiracy to ignore the Liberals. Mr. MacDonald thanks the nation for the confidence placed in him, and even the Tory press assumes the national verdict indicated a preference for a Socialist administration. The existence of a party which is not taken into account by these two parties in their reckoning of the present situation or in their estimates of future prospects."

"The Liberals stand today between this country and out and out Socialism. Unconsciously the knowledge that they are there has already had its influence. Does anyone imagine this is the position of a party you would have if the Socialists had obtained an independent majority?"

Given Object Lesson

Pilgrims From Britain Come To Canada To Study Christian Unity

Ottawa.—Pilgrims of the British Free Churches who have come to Canada to study and observe Canada's great experiment in Christian unity, church union, learned from the Prime Minister of Canada of other and even greater object lessons which this country is giving to the world.

Frederick MacKenzie King in his address of welcome to the pilgrims at the Dominion Experimental Farm recently, traced briefly the history of relations between the French and English speaking citizens of Canada and stated that the great object of Canada's experiment was that people of two great religions and races could live together and work together for the common good.

Will Collect Oil Royalties

Government Will Put Regulation Into Effect Next January

Ottawa.—The regulation enabling the government to collect royalties on oil produced on Dominion Crown lands leased to private companies will be put into effect on January 1. Hon. Charles Stewart, minister of the interior, told the House in committee. The regulation which was passed some years ago, but has never been put into effect, provides that after a company has been producing oil for five years, a royalty not less than 2½ per cent, and not exceeding five per cent, of the output, or five per cent, of the sales of the product of the locality at the discretion of the minister shall be collected.

Urges Muskrat Farming

Ottawa.—Steps for the development of the muskrat industry were advocated in the House of Commons by Mr. N. Campbell (Frog River, N.S.). Muskrats could be raised very easily in the west on damp pieces of farm land, and government assistance by way of technical advice might be very valuable.

Arrange Direct Express Service From Europe

New Agreement Will Ensure Quick Despatch Of Parcels

Montreal, Que.—Arrangements have been completed between the "Compagnie Internationale Des Wagons-Lits et des Grands Express Européens" and the Canadian Pacific Express Company for a direct express service from all European countries to Canada according to information received at Canadian Pacific express offices.

Parcels handed in at any of the offices of the Compagnie Internationale throughout Europe will be forwarded direct by the famous crack trains of that company to points where the Canadian Pacific Express maintains receiving offices whence they will come to this country on Canadian Pacific steamers.

Sending parcels to Canada has always been a somewhat hazardous business, since parcels from remote points in Europe where no adequate local express service is in operation. By virtue of the new agreement entered into by the two companies it will now be as safe and quick as sending a parcel from one Canadian city to another.

Found Guilty Of Murder

Woman and Maid Accomplice In Quebec Sentenced To Be Hanged

Hull, Que.—Philbert Lefebvre, and Mrs. Mary Viau, Montpelier, Que. were found guilty at the Hull assizes of the murder of the woman's husband, Zephyr Viau, by poisoning, and were sentenced by Mr. Justice L. J. Langens to be hanged on Friday, August 23, at the Hull jail. The jury was out only 25 minutes.

In his charge, which lasted over an hour, Judge Langens described the poisoning as one of the most despicable of crimes. There was no doubt, he said, that the murder had been planned for months.

The confessions of the accused showed that Lefebvre had provided Mrs. Viau with strychnine knowing for what purpose she would use it. Zephyr Viau had been very poor and every winter went away to work in a shanty. During his absence Lefebvre had visited the shack.

When asked if they had anything to say way the sentence of death should not be passed upon them, both prisoners muttered, "I am innocent and I ask for clemency."

New Grain Board

A Board Composed Of Younger Men To Be Appointed Soon

Ottawa.—The cabinet is now considering the appointment of a new board of grain commissioners. The members of the old board, it is understood, are to be retired, and a board composed of younger men is to take their places.

The only appointment seriously considered so far is that of a successor to Leslie Boyd, the chairman of the board, and, undoubtedly, this position will be offered to Mr. Justice Turgeon, of Saskatchewan. It is thought here, however, that he will decline to accept. In this event, it is not improbable that the post will be offered to Hon. Charles Stewart, minister of the interior.

Suggests Earlier Sessions

Ottawa.—A suggestion that in future parliamentary sessions should open in November and conclude on or about the first day of May, was made in the House of Commons by William Irvine, U.F.A., Wetaskiwin, Mr. Irvine expressed the opinion that the present practice of meeting parliament in February and continuing the session until well on in the summer months was an injustice to the western members and to those from the maritime provinces.

Dirigible Goes On Strike

London, Eng.—Completion of the new British dirigible R-100 on schedule appeared impossible because of the failure to settle a strike of about 30 workmen. Officials at the Howden Airship Works said the strikers insisted that the dispute be settled through direct negotiations with the Union. The R-100 will be one of the largest airships in the world. It was to undergo tests next month.

No Increase For Judges

Ottawa.—Having learned that parliament would not support an increase in judges' salaries, he did not think it desirable to attempt to force such a measure through, declared Hon. Ernest Lapointe, minister of justice, in the House of Commons. When the time comes, and parliament is in a mood to endorse such an increase, he would make no delay, the minister said.

Fliers Have Narrow Escape

Wrecked In Caneet When Plane Was Wrecked In Lake In Range

Prince Albert, Sask.—A small pontoon Moth plane of the Dominion Explorers Company, was wrecked in Lake St. George, and Pilot Kelly and one passenger had a narrow escape when they were rescued by a canoeist, according to reports reaching here.

The upper and lower wings of the aeroplane were wrecked and the machines damaged generally by the plane struck the water and turned over. The pilot and passenger were thrown out into the lake and were picked up by the canoeist.

King Resumes Few Duties

Is Now Able To Look After Part Of Work

London, Eng.—King George is now sufficiently well to resume many of the functions delegated by him to the council of state, but will not yet assume his full duties.

Among the duties which His Majesty will now transact will be all business connected with dominion affairs. But it was pointed out to His Majesty, that, for the better preservation of his health, he should not for the time being resume all functions he had delegated.

MANITOBA MAY ACCEPT TERMS ON RESOURCES

Ottawa.—Terminating a political issue which has disturbed both provincial and federal politics for more than 40 years, the report of the Manitoba natural resources commission was tabled in parliament recently.

In brief, the report which consists of 46 printed pages, recommends:

(1)—The payment in cash by the Dominion to Manitoba of \$4,584,212.49, as the balance due for past arrears.

(2)—The payment to Manitoba of \$562,500 annually, from now on, until the population of the province reaches 800,000.

(3)—Increase in this annual payment of \$750,000 when the population of Manitoba reaches 800,000.

(4)—Finally, when the population attains the figure of 1,200,000 an increase in the amount payable annually to Manitoba to \$1,125,000. This amount is to remain unchanged thereafter.

(5)—The wiping out hereafter of an amount of \$135,000 which has been deducted annually from the subsidy, being the interest on the monies received by the province from the sale of swamp lands, when these lands under provincial control, and the capital sum set as the value of the 150,000 acres of land granted as an endowment to the University of Manitoba. Hereafter, this sum will not be deducted from the subsidy.

It is understood here that both the province and the Dominion have agreed to accept the recommendations of the commission, and that legislation implementing these recommendations will be introduced in parliament early in the season of 1930.

The probable effect of the report on the natural resources question as it affects Saskatchewan and Alberta was being canvassed here by the members of parliament. In regard to the payment of the subsidies with statutory increases in perpetuity, it was considered that the report would greatly assist the other two provinces to obtain such a settlement.

Eighteen "Count 'em", in One Family

The Clan MacLeod arrived in Canada recently by the Canadian Pacific liner "Metagama" at least if it wasn't the whole clan, it seemed like a large proportion of the family group, under Donald's command. Including grandchildren the party, which is bound on bloc for Centerville, Ont., numbered twenty-four ranging in age from forty-five years to six months. They had twenty-one pieces of baggage weighing 3,000 pounds.

IN BRACKEN CABINET

Hon. W. R. Clubb, who resigned from Bracken cabinet, Manitoba, during Seven Sisters probe, has been reappointed minister of public works.

Sends Farewell Message

Stanley Baldwin and Premier King Exchange Greetings

Ottawa.—A farewell message which former Premier Stanley Baldwin sent to Premier MacKenzie King, on the day of Mr. Baldwin's resignation, and Mr. King's reply, were made public here. It was explained that publication of the telegram to the United States as soon as parliament has risen at the end of July, unless an adverse reason should suddenly intervene, it was generally held in authoritative quarters here. Departure at this time would leave the premier free of his projected visit in September to the League of Nations assembly meeting at Geneva. The understanding is Premier MacKenzie King would represent Canada if such an Anglo-American conference is held at Washington.

"I cannot make a statement of any kind tonight," Mr. MacDonald declared as he was leaving London with his daughter, Isabel, for his home in Lonsmouth.

The premier explained he was going to Lonsmouth in search of rest and he expected to return again before the opening of parliament, on June 25.

"Your telegram, June 4th, May I express my deep appreciation of your message of farewell and good wishes. Throughout your tenure of office the most cordial relations have been maintained between His Majesty's governments in the United Kingdom and in Canada. It will always remain a source of deep gratification that I have been privileged to be associated with you in the many important matters of common interest that have marked these years."

Mr. King replied:

"Your telegram, June 4th, May I express my deep appreciation of your message of farewell and good wishes. Throughout your tenure of office the most cordial relations have been maintained between His Majesty's governments in the United Kingdom and in Canada. It will always remain a source of deep gratification that I have been privileged to be associated with you in the many important matters of common interest that have marked these years."

Bisley Team Sails

Members From Canada Have Left For Southampton

Montreal.—Canada's 1929 Bisley team was given an enthusiastic send-off on board the Canadian Pacific liner "Montrose" on which the team has commenced its voyage to Southampton.

Members of the team include Captain W. C. Colquhoun, Esq., B.C.; Sgt. J. H. Regan, Victoria; Lieut. D. Fyvie, Canadian Scottish; Lieut.-Col. R. M. Blair, Vancouver; Master Gunner S. Collins, Esq., Montreal.

Lieut. Desmond Burke, Ottawa, a former winner of the King's Prize, will join the team in England.

Newspaper Man Promoted

Calgary, Alta.—W. J. Watson, who has been secretary-treasurer and also a director of the Calgary Herald since it passed into the present ownership in 1908, is leaving Calgary at the end of the month to take the position of assistant to the president of the Southern Publishing Company at the head office in Montreal.

Attacks Lloyd George

Former Chief Whip Of Liberal Party Criticizes Methods Of Leader

London, Eng.—A lively attack on Rt. Hon. David Lloyd George, Liberal leader, is made in a letter to The Times by Vivian Phillips, former chief whip of the Liberal party. He says many Liberal candidates with whom he has talked since the election are of the opinion that Mr. Lloyd George is not an asset but a positive liability to the Liberal party.

"Only courage will save the party now," he writes. "Courage to turn back on the shams and pretences of the past two years and make a new beginning under new leadership which will inspire public confidence and trust."

If it will break loose from the degrading bondage of the party funds, if it will show character rather than cleverness, if it will set honor and principle once again in the place which they have held in the days of the party's greatness, if it will yet be preserved to wield its normal authority in the state and be an instrument of beneficent service to this nation and the world."

May Visit U.S. In July

Premier Ramsay MacDonald To Make Goodwill Visit This Summer

London, Eng.—Premier Ramsay MacDonald will pay his contemplated visit to the United States as soon as parliament has risen at the end of July, unless an adverse reason should suddenly intervene, it was generally held in authoritative quarters here. Departure at this time would leave the premier free of his projected visit in September to the League of Nations assembly meeting at Geneva. The understanding is Premier MacKenzie King would represent Canada if such an Anglo-American conference is held at Washington.

"I cannot make a statement of any kind tonight," Mr. MacDonald declared as he was leaving London with his daughter, Isabel, for his home in Lonsmouth.

The premier explained he was going to Lonsmouth in search of rest and he expected to return again before the opening of parliament, on June 25.

Sapiro To Visit West

Will Conduct Speaking Tour In Saskatchewan This Month

Saskatoon, Sask.—In the interests of the Wheat Pool and under the auspices of the United Farmers of Canada, Saskatchewan section, Aaron Sapiro will conduct a speaking tour of Saskatchewan during the latter part of June.

Mr. Sapiro will reach here on June 24 from the east and speak here that evening, June 27, he will speak at Weyburn. The date for his visit to Moose Jaw is not definitely set yet, but will be either June 28 or July 2. If he does not speak in Moose Jaw on June 28, he will probably visit Regina on the way. On June 29 he will be at Swift Current, and July 1 at Kerrobert.

ROYAL GRAIN COMMISSION TO CARRY ON WORK

Lethbridge.—The immediate program of the Saskatchewan Royal Grain Commission will not be affected in any way by the political crisis in Saskatchewan, and even should the government of Premier James G. Gardiner, which appointed the commissioners, resign within the next week or two, no anticipation of curtailment of the inquiry is feared.

This was the belief made known by Chief Justice Brown, commission chairman, while the body held sessions in Lethbridge.

The inquiry in Alberta will be concluded with a session at Medicine Hat. The commissioners then expect to enjoy a week's vacation before visiting four or five rural points in Manitoba, holding a brief session in Winnipeg and a two-weeks' probe at Port Arthur and Port William. If any changes in this program are made they will be announced by whatever government is in power in Saskatchewan, Chief Justice Brown stated.

Complaints of car distribution, shortage of cars during the rush season, and leaflets, were lodged before the commission. John Maynard, superintendent of the British Milling Company here, recommended placing an inspector at each railway division point to check car leak ages.

CANADA ACCORDS FAIR TREATMENT TO COMMUNISTS

Ottawa.—If there is any instance of a Communist having been unfairly treated, Hon. Ernest Lapointe, minister of justice, would like to hear it. This was what the minister told J. B. Woodworth (Labor, Winnipeg North Centre), in the House of Commons when the estimates of \$3,040,725.25 for the Royal Canadian Mounted Police were under review.

Mr. Woodworth had declared that the Communists were a political party, but information regarding their activities was being withheld from members of other political organizations. He charged that the government resorted to methods of sending spies to become members of the Communist party and create disorders. This was a questionable practice. The Communists were regarded by the government as a sort of bogeyman to be trod upon as a political slogan of the community.

Mr. Lapointe declared that the function of Mounted Police was to enforce federal law. If in the course of their activities they encountered situations contrary to the peace of the country, it was their duty to report. He knew no instance of a Communist having been unfairly treated. If such a case existed, he would be glad to hear it.

Minorities Trust Canada

Dominion Will Reap Harvest Of Goodwill Says Hon. Philippe Roy

Victoria.—"Those masses of population are already looking to Canada as a strong advocate and a stout protector of their interests," Hon. Philippe Roy, Canadian minister to France, said in an interview here regarding the minority populations of Europe whose problems are now being considered by a special committee of the League of Nations.

"It must not be forgotten by Canadians," Mr. Roy said, "that there are 40,000,000 souls living in those European minorities. It is going to be a wonderful thing in a few years when Canada reaps the harvest of goodwill which has been sown by the understanding of Premier MacKenzie King, allying Canada, in support of the interests of the minority peoples."

Turning to reparations, Mr. Roy said the recent settlement of the war indemnities in Europe was the greatest forward step achieved by the nations since the armistice.

Chinese Cured Of Leprosy

Treatment Carried On For Nine Years Was Successful

Victoria, B.C.—Smiling and happy after nine years' of isolation on a small island off the Vancouver Island coast with only a few other sufferers from the disease, Lum Mah Hing, ex-leper, walked up the gang plank of the liner "President McKinley," a free man again, and bound home for China.

Hing had been in the lazaretto for leprosy on Bentinck Island, since 1920, when he was discovered working on a farm at Saanich suffering from leprosy. He responded to constant treatment of chaulmoogra oil, and when released had been completely cured.

The departure of Ling left eleven lepers still on the island. Several of them are reported to be making favorable progress towards recovery, although a few years ago, their cases would have been regarded as hopeless.

Will Hold League Conference

Madrid.—The council of the League of Nations has decided to convene a conference at Geneva on September 7. All states adhering to the statutes of the permanent court of international justice. Among the most important matters for consideration are charges designed to permit the accession of the United States to the world court. The council also decided to call a conference in Holland during the spring of 1930 on the codification of international law.

B.C. Mineralogist Dead

Victoria.—William Fleet Robertson, for twenty-three years provincial mineralogist, died recently at Everett, Wash., where he was taken ill while enroute to England via the Pacific Coast route from Victoria. Mr. Robertson was born in Montreal, 1859, and was widely known in the western American mining world. He retired in 1925.

Local and General Items

Sam Giampietri has returned, after several months visit to Lethbridge.

Mrs. Clarence Reddick and daughter "Pat," of Trail, are visiting here with the former's mother, Mrs. H. Gibeau.

The region of swat, in Central Asia, is peopled by hardy and daring mountaineers of Afghan descent—probably "swatters."

A pair of lady's kid gloves, picked up at the circus tent, may be had by the owner applying to Mr. W. A. Vaughn.

General Bramwell Booth, former head of the Salvation Army, died in England on Sunday night at the age of seventy-three years.

Mr. and Mrs. A. Causey, of Natal, announce the engagement of their daughter, Linda, to Mr. Alberta Frederick Keeling.

Much needed improvements are being effected to the Lee Lake to Beaver Mines road, under the supervision of Councillor Holmes.

In spite of the high water, a number of very fine trout have been brought in during the week from the North and South Fork rivers.

Misses Isobel Rae and Jean Archer, nurses in training at Nelson, arrived home this week on vacation. Miss Archer recently graduated.

Mar Poy left by Tuesday's local for Etlikom, where he will visit with his son for a few weeks prior to leaving to visit his old home in China.

FOR SALE—Lots 1 and 2 in Block 37, being S.W. corner, 150 yards north of bridge. Easy terms. Apply to T. Ede, house south of track.

The members of Vimy Chapter, O. E.S., will hold a tea and sale on Saturday afternoon in the west side of the Blairmore Hardware Co. store.

Miss Francis Lenville last week received the shield and medal won by her at the recent Alberta Musical Festival.

Twenty years ago, Alf. Cummings, B.C.L.S., undertook to make a survey for a government wagon road from Michel to Crow's Nest.

The value of a kiss in a lawsuit brought by a young lady was fixed by the jury at six cents. At that price, will the supply equal demand.

Clareholm's mill rate for 1929 has been set at 46, being general 20½ mills, debenture 7, schools 14, hospital 4 and supplementary ½ mill.

In the report last week of the funeral of little David Moffan, the names of Mr. L. Dutil and family, and Mrs. Richards and Rutter (Coleman), were inadvertently omitted from the list of floral tributes.

At the Elks' carnival-bazaar this year there will be a booth allotted to the Institute of Manual Training and Home Art, which will be operated solely by and for the benefit of the Institute by its members and in which all the articles displayed and offered for sale were produced by the students and teachers.

It was interesting to note that at the ball game on Sunday afternoon the grandstand was filled to capacity. No admission was charged to the grounds, and when the hat was coming the rounds, place on that grandstand was offered to about one hundred persons who had been standing for fully an hour. Scotch ways, again!

GOURLAY PIANO For Sale. Apply Bellevue Bakery.

Charles Garrett and family, of Lethbridge, were visitors with friends here over the week end.

The woman who has lost her youth, usually make a poor job painting it back on her cheeks.

The ladies of St. Luke's church will hold a pantry sale and tea at the home of Mrs. Weaver tomorrow evening from 3 to 6.

PANTRY SALE AND TEA at the home of Mrs. Weaver, Dearborn Street, from 3 to 6 Friday afternoon, under auspices of St. Luke's Guild.

E. J. ANDERSON, Sight Specialist, of Calgary, will be at the Blairmore Pharmacy on Saturday, June 29th. Eyes examined.

FOR SALE—Pure-bred White Leghorn Laying Hens, one and two years old. \$12.00 per dozen. Roosters \$2.00. Apply to C. Lynch-Staunton, six miles north of Lundbreck.

Sunday's league baseball game on the local diamond resulted in a win for Blairmore against Pincher Creek by an eight-to-six score. The game was witnessed by about three hundred fans.

Lady Holland and maid and Miss Holland, of Northampton, England, who are touring Canada and part of the States, were registered at the Greenhill hotel on Sunday night, enroute by motor to Yellowstone Park, via Waterton Lakes.

Two thousand kiddies enjoyed the hospitality of the Elks at Drumheller on June the 12th to Conklin & Garrett circus, each being presented with a small Union Jack and a ticket entitling them to free rides, ice cream, peanuts, candies, etc.

The prize list of the twelfth annual exhibition of the Bellevue and District Horticultural, Industrial and Poultry Society is now in the hands of The Enterprise job department and will be issued this week end. Copies may be obtained upon application to Mr. J. Curry, secretary, or Mr. W. Kerr, president, Bellevue.
